RoHS

Manostar Gauge WO70 General purpose compact type

Micro Differential Pressure Gage

Made in Japan

RoHS compliant

- Flag pointer is installed normally, which are easily to manage predicted value or threshold value of differential pressure.
- It is easy to convert polarity enable by piping connector.
- Even when the pressure becomes excessive, the original mechanism avoid damage to moving parts.
- Small hysteresis is realized by the silicone rubber diaphragm.
- The pointer is not fluctated by the original band-linked mechanism.

WO71

<Example of main use field>

Air conditioning control system of factories

Measuring negative pressure in bag filter and differential pressure in air conditioning

Monitoring of pressure loss in filter

Production lines of precision machine

Air conditioning control system of buildings

<Example of use>

Detector of a pressure loss in an air filter
Measuring the inside pressure of clean rooms

Detector of a pressure loss in a bag filter
Measuring of dynamic pressure in a ventilator and an exhaustor

Product code

W O 7 1

Pressure Range Code

N 1000D V (例)

取付姿勢

Pressure Range

D= Pa , E= KPA

外形／置針

V	Vertical(FIXED)
H	Horizontal(FIXED)
S	Others

N or S Product code

* (refer to p.93)

◆ If you order or ask, please specify the product code and the pressure range code.
